Transport and Logistics Finance Factsheet

Specialist asset finance for machinery, equipment and vehicles

The UK Transport and Logistics sector is currently undergoing a dynamic evolution, propelled by several converging forces: the ever-increasing demands placed upon cashflow, the rapid growth of e-commerce, a strong push for sustainability to reduce the carbon footprint and advances in cutting-edge technology.

In these challenging times, it is crucial to work with an asset finance specialist that knows the challenges and opportunities that the transport and logistics industry is facing to help drive your business forward.

Our strategic partners Barclays shares this sentiment, and together we proud to support business customers with access to fast and flexible asset finance.

With a 28-year track record in supporting the transport and logistics industry, and with 45,000 business customers, Propel's dedicated team provides specialist asset knowledge and expertise to create tailored, best-in-class asset finance solutions with a responsive approach to meeting your needs.

Powering your productivity and profitability

Propel's asset finance solutions can help you build for the future with the latest and most efficient machinery and vehicles, giving you the freedom to power your productivity and profits.

No delays

Your budgets and deadlines matter. You need to put the latest machinery, equipment and vehicles to work for your business quickly, with no hassle or delays. Propel's specialist transport and logistics team has the in-depth knowledge of your industry and the processing technology to ensure a fast and responsive personal service that's structured around your needs.

Unleash your working capital

With no need to pay for assets upfront, you can unlock your capital for more profitable use.

Preserve your existing credit lines

We work with business customers of all major banks; so your existing arrangements, such as bank overdrafts and loans, remain completely untouched and available for your use.

Protect your business with fixed payments

Unlike other forms of finance, payments are fixed for the term of the agreement, thus protecting your business against rate increases and ensuring accurate budgeting and cash flow projections.
